NEVER GIVE UP

Never give up! It is wiser and better
Always to hope, than once to despair;
Fling off the load of Doubt's cankering
fetter,
And break the dark spell of tyrannical
care,
Never give up or the burden may sink
you;
Providence has kindly mingled the cup,
And in all trials or troubles, bethink you,
The watchword of life must be; "Never
give up."

We continue to hear, and with much
satisfaction and appreciation, kind and
complimentary remarks pertaining to
Moscow notes, the last to reach our
hearing coming from a prominent and
splendid railroad official who is well and
favorably known in these parts. We
thank him.

It speaks well for this people; we re-
fer to the splendid congregations at
both local churches Sunday last.

Miss Willie Steversen, daughter of
Mayor J. M. Steversen, has returned.
Mr. and Mrs. J. A. Pearce of near
Somerville were Sabbath guests of local
relatives.

It is well to have visions of a better
life than that of every day, but it is
the life of every day from which el-
ements of a better life must come.

Mr. William Butts of Arkansas is vi-
siting relatives here this week.

Virge Steger has been spending a few
days with his father, Esq. J. M. Steger.

Miss Robbie Smith left Friday to vi-
sit friends in Michigan City before re-
turning to her home in Biloxi.

Mr. and Mrs. L. J. Bryan had as their
guest the week gone, Mrs. Lizzie Ham-
mers of Memphis.

S. Franklin has purchased an auto.
It is a Dodge.

Parents should turn their attention
more forcefully to the little ones whom
some day we wish to see grow to good
man and womanhood with a character
honored by God.

Work on the Hazlewood residence in
East End is going rapidly forward.
Have glory in your heart, not in your
appearance.

A great howl is going up in Shelby
county over the fee system. Here in
our own county we just allow things of
this nature to rock along in the same
old costly way, and not an effort made
by the taxpayer to rectify this costly
system.

A. S. Kinney and wife have returned
from a stay of several days with rela-
tives in Salsbury.

We are pleased to note an improve-
ment in the condition of Esq. J. J. Ste-
ger.

The Baptist revival services which

modious offices in the

have been in progress since Wednesday
came to a close Thursday night. On the
day following the Little Hatchie Baptist
Association convened with a number of
prominent delegates present, among
them, Doctors Folk, Gillon, Stewart,
Savage, McComb, Ellis and Hooker, all
holding responsible places in that church.
The sessions closed with the Sunday
morning service. Many of the dele-
gates were quite well known by our
people but we were unable to obtain
the names of but few.

Mrs. G. T. Bowling of Van Buren is
spending a few weeks here and is occu-
pying her residence in the southern part
of town.

Don't let Doubt keep you from the
kingdom of Christ. Doubt is brainless,
and as a result, hates and destroys all
that it cannot understand. Doubt cru-
cified Christ. Doubt kindled the fires
for the witches of Salem.

Mrs. S. C. Bull had as guests the
past week, her nieces, Mary, Floy and
Audrey Hollida of Vandale, Arkansas,
daughters of Mr. and Mrs. George Hol-
lida.

Strength of character, mind, and
body, comes only by being pure and
temperate.

One of the nicest young ladies we
ever knew, now Mrs. Ansell Crossett
Hopper of Lambert, has been visiting
local relatives.

We learn with regret the going of
Mr. Robert Crawford, whose soul wing
ed its flight to its Maker Friday night
at Williston. Our sympathy goes out
to the loved ones on whom the loss
falls greatest.

Several loads of nice melons sold on
our streets the past few days and at
reasonable prices.

Never despair. Lost hope is a fatal
disease.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble, and younger
people who are weak, will be strengthened
and enabled to go through the depress-
ing heat of summer by taking regularly
Grove's Tasteless Chill Tonic. It purifies
and enriches the blood and builds up
the whole system. 50c.

Alta Vivian Chambers.

The Death Angel came to the home
of Mr. and Mrs. R. L. Chambers on
Thursday morning, July 13, and bore
the spirit of their little one-year-old
daughter, Alta Vivian, to her heavenly
home. The remains were carried to
Good Springs Friday morning and
funeral services were conducted by
Rev. Humphreys. Only those who
have borne a similar sorrow can realize
the loneliness in the home and how
much the childish prattle will be
missed. Her mission on earth is ended
and like the tender plant she has been
transplanted to bloom in the Paradise
of God and enjoy forever the sunshine
of His presence.

May the bereaved ones look through
their tears into the face of their Heav-
enly Father, and there read the mean-
ing of this sad dispensation of Provi-
dence. ONE WHO LOVED HER.

Everybody likes to take a trip. It brightens us
up and gives us something to think about, and if
you have got some money tucked away in the
bank, so that when you DO find time to take
the trip, it will buy some tickets and some nice

without that money, your vacation would have
to be spent at home.

Pulliam-Hervey.

On last Sunday at the residence of
Dr. A. O. Boals in this city was sol-
emnized the marriage of Miss Evanna
Hervey and Mr. Thomas J. Pulliam,
both of this place. Miss Hervey is a
daughter of the late George Hervey of
the second district and has been a val-
ued employe of The Falcon office for a
number of years. The writer knows
whereof he speaks when he says she
is a most sterling character, full of de-
termination, vim and energy, so need-
ful in life's battle, and we extend the
groom most cordial congratulations in
winning her hand.

Mr. Pulliam was reared in the second
district where he lived all his life. He
is a farmer, a young man of good hab-
its and good promise and has in his
chosen wife, a helper in his every un-
dertaking, and in their future they have
The Falcon's very best wishes.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXA-
TIVE BROMO QUININE is better than ordinary
Quinine and does not cause nervousness nor
ringing in head. Remember the full name and
look for the signature of R. W. GROVE, 25c.

Finis P. Kyle.

Fayette county lost one of her best
citizens last Saturday when death came
to Finis P. Kyle at his home in the
eighth district near Oakland.

He has long been one of the county's
most progressive and active farmers
and business men and was at the time
of his death president of the county
fair association. He was the main
spirit in organizing the fair work
last year and he, more than any other
man, was due the credit for the splen-
did success of the fair. He was presi-
dent of the county farmers institute of
this county and vice president of the
West Tennessee institute. He was a
friend to progress in every line and
was always present when any move-
ment was on foot to further the wel-
fare of his home district and county.
Besides being one of the foremost
farmers of this part of the state, he
was connected with numerous business
enterprises and had investments outside
of his farming interests. He was a di-
rector in the Somerville Bank & Trust
Company, the Somerville Supply Com-
pany, and was one of the most punctu-
al members of these boards.

Mr. Kyle was a courteous Christian
gentleman, strong in his determination
in support of the right and had a large
circle of substantial friends and ad-
mirers.

Burial took place last Sunday after-
noon at McCulley's graveyard in the
vicinity of his home.

A CAMPAIGN FOR LEGUMES.

[By C. A. KEFFER, Division of Exten-
sion, University of Tennessee.]

The Tri-State Better Farming Com-
mittee proposes to devote the months
of August and September to a campaign
for the planting of legumes. All the
agencies that are working for agricul-
tural development in Arkansas, Mississippi,
and Tennessee are in the movement.
The Divisions of Extension of the Col-
leges of Agriculture, Experiment Sta-
tions, Commissioners of Agriculture,
Bankers' Associations, agricultural de-
partment of railroads, newspapers and
the agricultural press, farmers' orga-
nizations, other business men's orga-
nizations, rural churches and schools, wom-
en's clubs and all other groups of people
that have the welfare of their country
at heart, are uniting in this campaign.

What is its purpose?
To build up the soils and make farm-
ing a profitable business in the Tri-
State territory. It is to be hoped that
the movement begun in these three
states will spread and take in the whole
South.

We can grow Crimson Clover during

the winter months. Sown in August
it ripens its seeds the following May.
All through the winter it covers the
ground, protecting it from the gully-
ing effect of winter rains. All through
the winter it provides the best of pas-
tures. Hogs thrive on crimson clover.
There is no better pasture than crimson
clover for sheep and cattle, if they are
turned on it when there is no dew. And
all the time it is gathering nitrogen, the
most expensive of plant foods, from
the air. Turn under a crop of crimson
clover when in bloom and you add forty
pounds of nitrogen per acre to the soil,
and there is yet time to grow a crop of
corn or soy beans. Legumes makes
the richest food that farmers can grow.
Crimson Clover thrives Tennessee, bur
clover in the Southern tier of counties,
liming everywhere, a plot of alfalfa on
every farm, and big hay fields of Red
Clover, with plenty of livestock thruout
the State, this is what the legume
campaign should mean in Tennes-
see. All these may not come in a year,
but they will come and will mean in-
creased prosperity to every citizen in
the State.

The Division of Extension has in-
press a special bulletin on winter leg-
umes that will be ready the first of
August. We want it to be read by
every farmer in Tennessee. Let him
read, and plant some of his farm, how-
ever small, to a legume crop. The
Division of Extension requests the aid
of merchants, bankers, teachers,
preachers, club women and every other
public spirited citizen, in giving this
egume bulletin the widest publicity.

The Division of Extension of Arkan-
sas and Mississippi all will issue similar
bulletins. Let all unite with us in a
great campaign for legumes.

Should Sloan's Liniment Go Along?

Of course it should! For after a
strenuous day when your muscles have
been exercised to the limit an applica-
tion of Sloan's Liniment will take the
soreness and stiffness away and get you
in fine shape for the morrow. You
should also use it for a sudden attack
of toothache, stiff neck, backache,
stings, bites and the many accidents
that are incidental to a vacation. "We
would as soon leave our baggage as go
on a vacation or camp out without Sloan's
Liniment." Writes one vacationist
"We use it for everything from cramps
to toothache." Put a bottle in your
bag, be prepared and have no re-
grets. adv-8-1

EDUCATIONAL.

To the Teachers of Fayette County:

Under the law you are not permitted
to open school until you have signed
your contract for so doing. You can-
not sign your contract until you have
filed your certificate with the Superin-
tendent. Please take due notice and
govern yourselves accordingly.

The time set for opening the primary
schools is July 24. But few of the
schools will be ready to open by that
time, owing to the long wet spell which
has delayed farming. It will be well to
put off the opening for two or three
weeks, and do not open your school
until you sign your contract.

Sincerely, D. K. DONNELL.

Troublesome Flies.

Don't allow them to hatch. Spray
garbage cans, stables, etc., with Ross'
"Dead Quick" Spray. It kills the lar-
vae. To prevent mosquitoes, spray
lightly on pools of water, rain barrels,
and in cellars. To disinfect the home,
spray lightly two or three times a month.

Mrs. Jane Tyler Pritchard, nee Jane
Tyler Moore, aged nearly 76 years, died
at her home three miles east of Cold-
water, Mississippi, at 9:50 p. m.,

buried July 21 at the Pritchard grave-
yard.

She was the daughter of Robert R.
Moore and Elizabeth Hutchings Moore
and was born near Denmark, Tennes-
see, July 28, 1840. Later, she moved

church of Christ for fifty years. She
leaves one brother, R. R. Moore, and
two grandchildren of her husband,
Enoch and Edenton Parks, and many
